

TESTIMONIAL

We have been a seasonal, residential client of Five Star Cleaning for almost six years and have found their service to be explicit. From the outset, it was obvious the owner, Patricia Hamn is a true Southern lady, emphasizing on the quality of their service and the satisfaction of their customers.

Of major concern to me is reliability and punctuality of the employees, and of course the thoroughness of the cleaning. In all instances, I have not been disappointed .

I would certainly recommend Five Star Cleaning to any potential residential or commercial customer desiring an excellent service at a fair price.
