RE: Letter of Recommendation

To Whom It May Concern:

I have been using Five Star Cleaning Service and Patricia Hamm for our facility's janitorial needs for nearly 8 years. I find that their employees do an excellent job. If any problems arise, Patricia is very responsive to our needs and resolves them quickly. Five Star cleans approximately 45,000 square feet of office space and restrooms daily. Prior to Five Star, Safariland had utilized two other companies that did not come close to meeting expectations. If you are considering their services, I highly recommend them. Please feel free to contact me if you have any questions.

Sincerely,

Brad Glass
